ツアーの間、彼らは矢掛のお気に入りの場所を写真に収めるよういわれ、寺院や昼食の様子、また美術館にいた鯉の写真を撮っていました。

全体を通して、留学生にとっても、高校生にとっても文化交流とコミュニケーションを行う良い経験となるイベントになりました。

Ten Okayama University students (mixture of Japanese and International) went to Yakage Town to enjoy an all you can eat strawberry experience and to get a tour through Yakage. It was an interesting and exciting event where they were able to meet local high school students and practice their communication skills. After we picked and ate strawberries, we made our own onigiri for lunch and enjoyed them with the local students. After lunch, we went on a tour of the town.

During the tour, we were asked to take a picture of our favorite location in Yakage! Groups posted pictures from the local temple, our onigiri lunches, and the koi fish pond by the museum.

Overall, it was a good experience for both the international students and the Yakage high school students to participate in a cross cultural communication event.
