

おもちゃ王国

November 3rd, 2017

Every year, a group of international students travel to the children's theme park, Omocho Okoku, to celebrate their heritage with Japanese children. This year, we had students from Indonesia, The United States, Korea, China, Italy, and Malaysia. Each student made posters and showcased their home country's most famous and popular toys. The children enjoyed learning about toys that were similar to their Japanese toys from other countries.
